Question 1

The EOI specifies that similar project experience should be from countries listed under “similar locations,” including Armenia, Azerbaijan, Belarus, Georgia, Kazakhstan, Kyrgyzstan, Moldova, Romania, Russia, Tajikistan, Turkmenistan, Ukraine, Uzbekistan, and Eastern European countries such as Poland, Slovakia, Hungary, Czech Republic, Slovenia, and Estonia.

Could you please confirm whether the reference projects required to demonstrate experience in these “similar locations” must be road sector projects, or if other infrastructure projects (e.g., water or wastewater) implemented in these countries would also be considered valid?

Answer

The criterion in question does not set any specifics as to the field such experience in similar location shall be related to. Therefore, under the said criterion, any project, irrespective of the sector and field, will be considered as satisfying the requirements of the criterion.
